

SWIFT Mast Series

Using the SMC designed Quick Clamp Collar, the SWIFT series of push up and telescopic pneumatic masts have been designed to be lightweight and economical.

The push up or telescopic pneumatic mast comes anodised as standard and can be clamped at any height up to 10m, supporting head loads up to 10kgs. The SWIFT Push Up and Telescopic Pneumatic Mast Series is light weight, easily transportable, quick to deploy and robust in even the harshest of environments. Heights range from 4 to 10 metres with a base diameter of 74mm, carrying head-loads up to 10kgs. The push up or telescopic pneumatic mast can be elevated manually, or by hand or foot pump for even quicker and easier elevation.

See our range of accessories, including our SWIFT Push Up and Telescopic Pneumatic Mast Series Pivot Base, for installing masts on uneven ground and our SWIFT Mast Halyard for lowering and raising light head loads, without having to retract the mast.

Mast	Height Extended (m)	Height retracted (m)	Number of Sections	Vertical Head Load (kg)	Basic Weight of Mast (kg)
SWIFT4	4	1.33	4	10	6.4
SWIFT4PN	4	1.38	4	10	7.0
SWIFT5	5	1.38	5	10	7.5
SWIFT5PN	5	1.44	5	10	8.2
SWIFT6	6	1.58	5	10	8.3
SWIFT6PN	6	1.64	5	10	9.0
SWIFT7	7	1.61	6	10	9.4
SWIFT7PN	7	1.67	6	10	10.0
SWIFT8	8	1.63	7	10	10.2
SWIFT8PN	8	1.7	7	10	10.9
SWIFT9	9	1.66	8	8.5	10.9
SWIFT9PN	9	1.74	8	8.5	11.7
SWIFT10	10	1.79	8	8.5	11.6
SWIFT10PN	10	1.86	8	8.5	12.3

SWIFT Mast Series

This range of telescopic masts are all fitted with a quick release collar on the top section as standard, meaning you can interchange your head load in a matter of seconds.

Some models are only compatible with other products, Part numbers and/or descriptions may vary slightly due to type, size or finish of product. SMC Group can manufacture custom designed spigots to suit your requirements.

Mast	Base Guy	Upper Guy	Tripod	Halyard	Spigot Diameter (mm)
